

WINNER DETERMINATION SYSTEM – MODAVISION®

General Provisions

The determination of the MODAVISION® winner is based on the combination of two independent components:

- international public voting
- evaluation by the international professional jury

The calculation of the results is carried out automatically in accordance with the rules established in the present system.

1. INTERNATIONAL PUBLIC VOTING

International public voting is conducted through direct audience participation via online votes/clicks.

Official Voting Platform

Official voting will be carried out exclusively through:

www.modavision.tv

Voting Period

Public voting:

- officially begins one week before the final event
- remains open during the event and the live broadcast
- closes according to the official schedule established by the organization

At the end of the voting period:

- the total number of votes received by each participant is counted
- participants are ranked from the highest to the lowest number of votes received
- official positions are assigned:
 - 1st place
 - 2nd place
 - 3rd place
 - etc.

The results of the public vote directly reflect the choice of the international audience and are published without modification.

2. INTERNATIONAL PROFESSIONAL JURY

The jury evaluation is based on the individual voting of its members.

Jury Principles

The jury:

- is composed of independent professionals
- has an international composition
- acts according to principles of impartiality and professionalism
- guarantees the absence of conflicts of interest

Mandatory Voting Restriction

Jury members may not vote for the participant representing their own country.

If such a vote is submitted:

- the evaluation will be automatically annulled
- it will not be included in the calculation of the final jury result

Evaluation Method

Each jury member:

- evaluates participants individually
- establishes an independent professional ranking
- assigns positions:
 - 1st place
 - 2nd place
 - 3rd place
 - etc.

Jury Deliberation

The official jury deliberation takes place only after all designers have completed their runway shows and official presentations within MODAVISION®.

The final jury result is obtained through the sum of all valid rankings submitted by its members.

3. FINAL RESULT

The final result is determined through the combination of:

- international public voting results
- international professional jury results

Each component has exactly the same weight:

- 50% public voting
 - 50% professional jury
-

Final Calculation Method

For each participant, the following are added together:

- the position obtained in the public voting
- the position obtained in the final jury ranking

Example:

Participant Public Vote Jury Final Result

Country A 1st 3rd 4

Country B 2nd 1st 3

Country C 3rd 2nd 5

👉 The participant with the lowest total sum of positions will be declared the winner.

The combination of results is carried out automatically.

4. DETERMINATION OF THE WINNER

The MODAVISION® winner shall be the participant who obtains the best overall result after combining:

- the public voting ranking
- the international professional jury ranking

The winner will receive the official title of:

BEST DESIGNER IN THE WORLD – MODAVISION®

5. TIE RESOLUTION

In the event of a tie in the final result:

1. priority shall be given to the participant with the higher score from the international professional jury
 2. if the tie persists, the decision reflected in the official jury report shall apply
-

6. FINAL PROVISION

Participation in MODAVISION® implies full acceptance of the present winner determination system.

MODAVISION® reserves the right to apply the technical and organizational measures necessary to guarantee the transparency, impartiality, and proper functioning of the voting and evaluation system.
